Managing a busy restaurant can be challenging. In this version of the game you will need to become an expert in managing your staff, keeping track of your customers, and balancing your cash flow. Before you start, you must buy a restaurant and staff all over. Keep in mind that you need to make sure your restaurant has enough space, good lighting, and good looking decorations. You have limited space to work with, so pay attention to the placement of your tables and chairs. Place your chairs according to the type of customers you want to attract. Run to keep your customers happy, cooking items in the kitchen and dispatching orders. Track your customers as they walk in and out of the restaurant and place your waiters and waitresses to the best position to serve them. You can use strategy to avoid bad walk-ins and take advantage of good ones. After a while you will see a big increase in your customer satisfaction ratings. You will be able to earn money by working with your staff, engaging in side quests, and accepting deliveries from customers. Complete orders, sell items, cook food, and manage your cash to grow your restaurant to the next level. You can easily get to know the game through the complete walkthrough in this video: 82157476af
